JAIMITHA LAVANYAKARUNAKARAN

Pudukkottai, Tamilnadu | *637-411-5168* | *lkjaimitha@gmail.com* | *@linkedin* | *@github*

Professional Summary

Python Full Stack Developer with hands-on experience gained through a 6-month Python Backend Developer internship. Skilled in Python, Django, Django REST Framework, SQL, HTML, CSS, JavaScript, React, Bootstrap, and MySQL. Experienced in developing web applications, building REST APIs, working with databases, creating dynamic Django templates, and developing responsive user interfaces. Seeking an entry-level software development or full-stack opportunity where I can apply my technical skills and contribute to real-world projects.

Technical Skills

Programming Languages : Python, JavaScript
Frontend : React.js, HTML5, CSS3, Bootstrap
Backend : Django, Django REST Framework
Databases : MySQL
Tools : Git, GitHub, VS Code, Postman
Soft Skills : Communication, Problem Solving, Teamwork Collaboration, Analytical Thinking, Time Management

Experience

Python Backend Developer | *Lagran Software Solutions* *Nov 2025 – May 2026*

- Built and configured custom Django Admin panels managing 4+ modules (products, orders, users, site content), significantly reducing manual content update effort.
- Developed backend logic for e-commerce web applications using Django and Python, handling product listings, user sessions, and order workflows.
- Designed relational database schemas and managed data operations using Django ORM, including migrations, queries, and performance optimisation.
- Converted 10+ Figma UI screens into pixel-perfect, responsive HTML, CSS, and Bootstrap templates with minimal deviation from original designs.
- Eliminated all hardcoded content across 8+ pages by implementing fully dynamic rendering using the Django template engine.
- Connected frontend templates to Django views and models, enabling real-time dynamic content rendering throughout the application.
- • Implemented JavaScript for interactive features including form validation, dynamic UI elements, and improved user experience.
- Maintained a clean, version-controlled codebase using Git and GitHub across the complete development lifecycle.

Education

Government Arts College for Women **Master of Arts in English** | Pudukkottai, Tamil Nadu *Sep 2022 – Apr 2024*
J.J College of Arts and Science **Bachelor of Arts in English** | Pudukkottai, Tamil Nadu *Jul 2019 – Apr 2022*
Vairams Matriculation Higher Secondary School **High School** | Pudukkottai, Tamil Nadu *June 2018 – March 2019*
Karpaga Vinayaga Matriculation Higher Secondary SchoolJune **SSLC** | Pudukkottai, Tamil Nadu *June 2016 – March 2017*

Projects

RecipeHub – Recipe Search Web Application | *React.js* | *JavaScript* | *REST API* | *Spoonacular API* | *CSS* *May 2026*

- Developed a recipe search application using React.js.
- Integrated the Spoonacular REST API to fetch recipe and ingredient information.
- Implemented recipe search, recipe details, ingredients, and cooking instructions.
- Used React components, state management, and useEffect for dynamic data handling.
- Protected the API key using environment variables.
- Role - Solo Developer

Personal Portfolio Website | *HTML, TypeScript, CSS, Bootstrap 5* *June 2026*

- Used Bootstrap 5 and custom CSS to build a modern, mobile-friendly UI; optimized performance and navigation.
- Built a responsive portfolio site to showcase projects, skills, and experience; developed interactive components using TypeScript.

Certifications

Python Full Stack Development Certification *2025*

- HTML, CSS,Bootstrap, Javascript, React js, Python, Django, Mysql

DCA (Diploma in Computer Applications) *2024*

- MS - World, MS - Excel, MS - Powerpoint, HTML
